

Carolina Chapter, Lewis and Clark Trail Heritage Foundation

The May 8th meeting in Winston-Salem went very well. We had good attendance, an outstanding program by Craig and Carolyn Rockwell (or General Clark and his wife Harriet) and a tour of Old Salem. Thanks again to Tom Dillon for his work in setting up this meeting.

Below is a picture of David Apple's model keelboat, which he brought to the meeting. A friend of David's constructed the model and about 150 hours of work went into its construction.

Other pictures taken at the meeting are below as well.

Our chapter has made the following contributions to the national organization:

A one hundred dollar donation was made to the Third Century Fund in honor of Aubrey Gay. Aubrey was a charter member and long time treasurer of our chapter.

A one hundred dollar donation was made to the Boy Scout Jamboree project headed by Bryant Boswell. One member added a personal contribution to this donation, which was forwarded with our check.
